D) The Impact of Gender Stereotypes on Teenagers' Career Choices. Explore how gender stereotypes affect teenagers' perceptions of career options and argue for promoting gender equality in career guidance.

It seems to me that career is one of the most important choices in our life. Nowadays our generation have a problem like "stereotype". I think, stereotypes are only in our mind and brain. Therefore we don't need to worry about people's opinion. Every people absolutely each person think about themselves.

Today, gender stereotypes can have negative profit for our career choices. Because of gender!

It sounds like: you are a girl, so you can't be an engineer. Or like! boys can't be a chef.

Unfortunately it really play an important role when we do a choice. But when you know what you love or what you choose. You will know what kind of jobs can be used

for you and for your heart. So why you need listen to others word and minds? we have our own life so we need to be independent of one's opinion. If you don't know who you want to be you can conversation with your parents or the person who know the answer

Task A: A Letter to Your Future Self. Writing Essay

Hobbies play a very crucial role in everyone's life. Whenever we are free, it is good to follow our hobbies. It makes us occupied, and we do not feel idle. Every person finds their happiness and enjoys doing some kind of activity in their leisure time, these activities are known as hobbies. My favourite hobby is watching TV. Whenever I have free time, I love watching television. It never obstructs my studies. Hobbies help us to expand our knowledge, and it teaches us several things. First, I like to finish all my school homework and then start watching TV. This lightens my mood and sparks up the excitement inside me, as it increases my curiosity about the world. Watching different useful stuff on TV enhances my knowledge horizons and gives me lots of joy. Every human being on this Earth is unique. Not only in terms of appearance but also for inherent characteristics. All the people work, think, talk, interpret, act, etc., in countless ways. These are all the things which express me. One needs to have a good command of themselves before going to write something about their life. Life is meant to be lived avidly and with a proper visualization to do good for your fellow beings. Keeping this in mind, I have always desired to serve my people in whatever capacity I can.

A) I think that Teenagers shall have strict Cursews. At the moment, our world is un-
safe. Many of us have issues of safety. So, I think all of us, teenagers for example,
need to parental control. In my opinion, If my parents know about my life and etc.,
they and I can feel the calmness. But some people think, (that) If parents are
controlling their life, It's too personal and embarrassing. But we don't need to
judge them, because every human have a right. So, our thoughts can be different.
First of all, you don't have to worry about others opinion, you need to take care
of yourself and think only about you and your safety. If you have a parental control,
in dangerous situations you can tell your parents and don't give in danger. Honestly,
parents need to know their possibilities, in case of safety, safe your children or other
closest people. I also think that girls need a safety. Because, at the times, especially
girls are not feeling themselves safe. If people will support each other in the future,
our world can become to safety. We can talk about it (many times) so much, so I
guess I can't tell something else about this situation. I have no words about how our
world is dangerous and wild!

Task D: letter to Grandma.

Hi, my lovely grandma! What's up? Today is Wednesday. I commenced my week with studying at school. We have lots of exams and checks in this following year.

Studying and learning new information is head-scratching. Fortunately, after all of these hard situations, learnings our future will be happy and better!

At this and following week we will write summative assessments for unit/term. At Wednesday I'm taking part to English competition. I was preparing for competition. I hope that the competitions result will honest, because I was preparing and not cheating, I see some of them cheats. At home wrote essays and cheats. Grandma, did you took part to competitions, when you was a young?

Before this competition, I felt worrying, I thought: "What if I can't win places at this competition? The competitions tasks are easy-peasy or head-scratching?"

Now, I see if I prepare, I will win. So, I'm waiting for a result. I hope and believe that I could.

As a result, I wanna say:

"For good result, you need to preparing and moving on, life is short for regrets!"

My favorite season.

There are four seasons in the year. There are winter, spring, summer and autumn. My favorite season is summer, because I was born in summer it is warm and sometimes hot, there are many fruits, berries and vegetables. In summer I can spend in lakes and rivers I can drive my bicycle and our car. We go to the forest for looking for berries and mushrooms. We live in the village for a month. My grandmother and grandfather live there. My sister and I help them in the garden. And of course I like summer very much because there is the longest holiday in summer.
